

Environmental Roots

Environmental Roots is a four-week accredited training programme designed to help people interested in working in Environmental and Facility Services.

If you are 16+ and unemployed you are eligible for our Environmental Roots programme.

The course includes:

- › REHIS Health and safety
- › Accredited First Aid
- › Manual handling
- › Small plant tools
- › Money matters budgeting support
- › Chartered Institute in Housing level 2 – facilities services
- › Employability
- › Full PPE provided

On completion of training, candidates will be offered a two-week work placement with access to job and apprenticeship opportunities with Wheatley Group.
